class - SE IV

Batch - F4

Roll NO - 21430

D.O.S - 8/04/2021

Assignment Name - Editorial Speech report.

Assignment NO - 1

Assignment Details -

The topic of my editorial speech was "Kerala to have one of the first medical device parks". The content includes how the medical sector in India is growing day by day. And this medical device park will stand out with its emphasis on the high risk medical device sector involving medical implants and extracorporeal devices.

This medical device park results in easy treatment of patients and treatment of patient in affordable price in India and which is affordable for poor people. And it is expected that the project would provide direct employment to 1200 people. Besides, employment generation up to 4000-5000 jobs through the supporting industries like OEM suppliers, service providers and marketing support activities.

Methodes -

I referred to the article published in the Economic Times official website

which was released by Union ministry of science and Technology, Kerala by 22nd September 2020.

### Opinion:-

My opinion on the topic is this medical park will turn out to be very important and crucial step in medical sector in India. This could help in treatment of patient in low cost so that poor people can also afford it.

### Learning:-

I learnt many things about how medical sector growth is important and how growth and advancement in medical sector helps in the treatment of people effectively.

### Conclusion:-

I would like to conclude by saying that the rise and advancement in medical sector in India will be helpful to nation and it would be the inspiration to others.
